

# INSTALL&DRIVE®

May 2016

After the introduction of our new generation **Install&Drive** towbar wiring kits, we have noticed that some questions remained unanswered. We at ECS Electronics attach great importance to the needs of our customers and strive to fully inform you about our products, their features and functionalities. Therefore, we would like to share with you valuable information on our newest towbar wiring solutions.

## INSTALL&DRIVE WIRING KITS FEATURES:

- ✓ Dedicated solution for vehicle brand and model
- ✓ Plug & play (genuine connectors)
- ✓ Correct function of trailer light
- ✓ C2 indicator warning system
- ✓ Rear fog light cut-off

The following table provides an overview of several vehicle functions and their operation after an **Install&Drive** wiring kit is installed (not coded vehicle). In addition, the operation of these functions are compared to a coded vehicle.
